

ABDULAZEEZ AHMAD

E-Mail: azeezahmad518@gmail.com | **Phone:** 07061562666 | **Address:** Maikalwa Qtrs Naibawa Kano
State of Origin: Gwale LGA, Kano State.

As a dedicated and passionate physics graduate with a robust background in IT, I have honed my expertise as an instructor specializing in Data science, Data Analysis and programming languages such as Python and R. My academic foundation has equipped me with strong analytical and problem-solving skills, which I seamlessly translate into my teaching methods and practical IT work.

EDUCATION

University of Maiduguri

Post Graduate Diploma in Education 2018-2019

Kano University of Science and Technology Wudil, Kano State.

BSc. (Honours) Physics 2011-2016

Halal College, Kano State.

SSCE (WASSCE) June 2012

Franbeat International School, Kano State.

SSCE (WASSCE) 2004-2010

WORKING EXPERIENCE

Freelance Data Science Facilitator | Kano State Institute of Information Technology Kura, Kano
2024 – Present (On Contract Basis)

- Conduct hands-on training sessions on data manipulation and visualization using libraries like Pandas, Matplotlib, and Seaborn.
- Guide students through practical projects, including the creation of machine learning models and the use of APIs for real-world data retrieval.
- Provide mentorship and support to students in developing analytical thinking, problem-solving skills, and building data-driven solutions.

Data Science Facilitator | 4U Academy Kano

2024 - Present

- Conduct hands-on training sessions on data manipulation and visualization using libraries like Pandas, Matplotlib, and Seaborn.
- Guide students through practical projects, including the creation of machine learning models and the use of APIs for real-world data retrieval.
- Provide mentorship and support to students in developing analytical thinking, problem-solving skills, and building data-driven solutions.

Monitoring & Evaluation Officer | Support For Women and Teenage Children (SWATCH), Kano
2025

- Design and implement M&E frameworks to track project outcomes and impact.
- Conduct field visits, data collection, and verification to monitor project activities.

- Develop data collection tools, analyze findings, and prepare regular reports for stakeholders

**Rater | HausaNLP Research Foundation in Collaboration with Google Research
2024**

- Crafted implicit prompts to test large language models (LLMs) for generating hateful, stereotypical, explicit, or violent content, ensuring prompts appeared safe at first glance.
- Generated and evaluated images based on these prompts.

**IT Instructor/Specialist | Bynatek Digital Ltd. Kano
2019 – 2024**

- Develop and deliver comprehensive training programs on Python, R and Microsoft Office suite, including Word, Excel, PowerPoint, and Outlook.
- Managed and maintained the business.

**Teacher (NYSC) | Holy Trinity Middle School, Ikirun, Osun
2017 - 2018**

- Taught Mathematics and computer science to students.
-

TRAININGS AND CERTIFICATION

ArewaDatascience Academy

- DeepLearning with Pytorch

**Kano State Institute of Information Technology
(KSIIT), Kura**

- Certificate in Data Science and Machine Learning

DataCamp

- Certified Associate Data Scientist
- Certified Associate Data Analyst

LinkedIn Learning

- Career Essentials in Entrepreneurship
- Career Essentials In Generative AI

Cisco Networking Academy

- Certificate in Cyber Security and Networkin
- Certificate in Python Essential

HiiT Computer Institute, Kano State

- Diploma in Information Technology and its Application (DITA)
-

SKILLS & COMPETENCIES

- Data Analysis and Visualization
 - Data Cleaning and Manipulation
 - Machine Learning Modelling
 - Data Analytics with Excel and Python
 - Excellent communication and presentation skills.
 - Creative problem-solving and trouble shooting skills
-
